

Thinking about engineering?

4<sup>TH</sup> ANNUAL

# E4 CONFERENCE

{ EXCELLENCE in ELEMENTARY  
ENGINEERING EDUCATION }

NOVEMBER 7<sup>TH</sup>, 2011

## DON'T MISS THE 4<sup>TH</sup> ANNUAL E4 CONFERENCE: EXCELLENCE IN ELEMENTARY ENGINEERING EDUCATION

This professional development conference includes a keynote speech, more than 30 breakout sessions from master educators focusing on the why, what and how of teaching elementary engineering, and exhibitors offering engineering education resources. Includes lunch, 6 CEU's and:

- Information on elementary engineering standards
- Ideas on integrating engineering into other elementary subjects
- Practical advice from hands-on programs throughout Minnesota

### Attendees will leave the conference with:

- Knowledge of engineering and why it's important
- Great activities you can bring back to your classroom
- The confidence and know-how to instruct your students
- Solid ideas to integrate engineering into other subjects

**Engineering** is a great topic for your elementary classroom and is now required by the Minnesota State Science Standards. It motivates and reinforces science and math as it develops children's imagination, creativity, problem solving, teamwork, communication skills, and more.

### FEATURED SPEAKER

Ioannis Miaoulis  
*Director, Museum  
of Science, Boston*
